Subject: Omega

Thanne,
Andrea Sumits forwarded to me a letter from you regarding a potential settlement for Swedlow. You may have forgotten our discussions earlier this year, but I am now representing both Pilkington Barnes Hind and Swedlow on the Omega Site matter so if you could modify your records, I would appreciate it.
Altho the letter was addressed only to Swedlow, the attached list indicated that Pilkington PLC (Pilkington Barnes Hind) is also part of the Splinter Group and is eligible for the offer of settlement discussions. Please confirm.
Also, early in February, we exchanged some emails on PBH's allocation; the 1/11/01 OPOG allocation was 64.3 tons, but your 1/22/02 chart showed OPOG at 76.04 tons and EPA's recalculation (based upon a newly-discovered manifest) at 94.8 tons; you were going to get me the name of DTSC contact who would provide a clear copy of the new manifest. Any information? I assume the Swedlow number is still 14.8 tons.
Finally, with respect to the \$2 million settlement offer in your June 6 letter, can you tell me how you arrived at that number and your proposed allocations for the Splinter Group members?
Regards,
Van Wolf
